America dishonors its war dead, sick, wounded, and dying. Paul Craig Roberts.

Memorial Day [and Veterans Day are] is a cruel hoax – a national disgrace. It has been this way from inception since 1866 – more than ever today by far. Catastrophe occurs when too many people refuse to accept, that around us always are two universes at work. There is the cold, hard reality that underlies everything. And on the surface is a veil of deceit and compromise [bread, wine and circus fantasy]. The more humanity compromises vital truths in order to enjoy the comfort of illusions, the more mind-shattering it will be when those illusions fall away.

PREFACE

Today is Veterans Day 2022. A card carrying 'plastic patriot' neighbor for attention and show every year posts dozens of plastic US flags around his property. This implies, 'hey everybody aint I a grand patriotic American!!' No you are not; you are a multifaced phony. We are at odds because I am not patriotic, and call him a phony patriot. As when one loses their religion, I lost my patriotism in learning the truth about this country, its people and their socialist government that sold me out in toto. I was drafted into Vietnam War. At high school graduation 'We the sheeple' and their socialist state gave me 3 choices: serve, exile or prison. In America that is freedom through a gun barrel backed by violence of Law. US taxpayers see that every year at tax time except it is call 'voluntary compliance' at gunpoint backed by violence of law. You have freedom of choice: pay us or we fuck up your life, proper and a long time. High School government class shills did not teach that aspect of US freedom. Why the lies instead? Since the French revolution the idea is for govt to pluck the most feathers from each golden egg laying goose while receiving the least hissing and biting in return. Managing to avoid the draft, and he is coy about the subject, the neighbor never served in Armed Forces to earn his freedom or pay for anyone else's. My men – dead and still living – paid those dues earning his freedom and what is left of ours too. I told him, the day I see you dressed in a military uniform serving active duty is the day I will respect your phony patriotism. Until then

pledge allegiance to my wrinkled ass. 1000 veterans die by suicide a month per VA's phony numbers of 32 a day. The real tally is far more than that. The reason is because America and VA abandon us denying the care we need to heal to instead pay lip service 'slogans' and broken promises instead. We paid blood, sweat, lives and far more so they have the freedom to be phonies or whatever, and still pay dearly in daily suicides because of US abandonment. He bristles when I say that, 'I would not help this traitorous country or its cowards [like you] take out the trash.' He looks at me confused when mentioning our betrayal on Jan 21, 2022 when Neo-Socialist Jimmy Carter and this country invalidated every soldier and veteran sacrifice that ever was, is or will be as totally worthless. Never have I seen so many loyalties wasted so badly by a nation. Why not you unearned entitlement peasant Americans waste everything else. Easy come easy go. You do so little with so much then bitch with outstretched hands that what is already in them is not enough before demanding that others give you more. That is Socialism. America, you never know what you got until it is gone; so it is with freedom. It is earned and constantly defended by actively fighting against those who would take it from you. This country ran out of martyrs to save your sorry asses long ago. I am one. When America finally falls it will do so without so much as a whimper or a single shot fired in defense. Then celebrated thereafter as 'slaughter of the cowards....' Yuri Bezmenov said, 'we always shoot them last.'

First They Came

First they came for ~~Native Americans~~

Next they came for the ~~Jews~~

Then they came for ~~Soldiers and Veterans~~

Then they came for our ~~police~~

When they came for you and me-

No one remained to stand and fight for you or ~~me~~

If you will not join with us now-

When your time comes who will stand with ~~useful idiot cowards?~~

Always remember that they dispose of ~~cowards last~~

We always shoot the ~~cowards~~ last said Yuri Bezmenov*

War is a Racket by General Smedley Butler. Note: General Smedley Butler made a speech, wrote a booklet, and spilled the beans about the whole war racket almost a century ago. Then, as now, nothing much has changed except the names and faces of the crippled, dead, dying, victims and aggrieved who ‘served’ the ‘gods and goddesses’ of War. VA is a large part of that racket. Below is an essay encapsulating the general’s message. I do not know the author of it.

General Smedley Butler was right. War is a racket – based on Big Lies, waged for wealth, power, and dominance. Wars have nothing to do with upholding democratic values, humanitarian intervention, or fighting for peace, stability, and security. They have everything to do with conquest, colonization, and control – forcing one nation’s will on others, stealing resources, and exploiting populations [rape, rob, murder, cripple, plunder, pillage and subjugate]. America dishonors its war dead – sacrificed on alters of greed and lust for power. Privileged elites let others do their suffering and dying for them – making the world safe for bankers, war profiteers and other corporate predators. ***Innocent youths are sent to die based on the noble, Big Lie. Sick and/or wounded returning home are often abandoned. Epidemic levels of post-traumatic stress disorder (PTSD) affect hundreds of thousands of combat forces and Vets. Many go untreated.*** Independent reports reveal nearly half of Afghan and Iraq Vets have emotional and/or physical combat injuries. Many are maimed for life. Combat stress is more than many can bear. The disturbing toll war takes is one of the most under-reported stories. **A generation of combat Vets will not ever be the same again. Many needing help do not get it. Too few get enough. An epidemic of Vet and active duty suicides symbolizes war’s hellishness. Many deaths are not called suicides – at home or abroad in war theaters. Misreporting is commonplace. Many suicide victims are age 50 or older.** Combat-related trauma is long-lasting, lifetime. According to a [Center for a New American Security](#) (CNAS) suicide report, Veterans commit suicide every 80 minutes. Study authors Margaret Harrell and Nancy Berglass said: “America is losing its battle against suicide by Veterans and service members. In addition, as more troops return from deployment, the risk will only grow. ”Many Vets return home feeling helpless. Marine Corps Vet Jason Christiansen watched his life unravel. “At one point, I was sitting there with a gun in my mouth,” he said. A friend urged him to seek help. The Veterans Crisis Line gets hundreds of thousands of calls. Too little too late reflects DOD/VA policy. CNAS said from 2005 – 2010, “approximately one service member committed suicide every 16 hours.” VA & DOD publish phony cooked, stacked numbers of 22 a day, which falls short of ‘85’ veterans and ‘15’ active duty soldiers that die each day to suicide per published numbers jerked from the public and replaced with phony bingo numbers of 18, 20, 22 and sometimes 32 daily suicides. These numbers differ depending upon what mood the socialist propaganda machine feels any particular day. This subterfuge is to confuse, cover up and deny the truth. **A lie told 3 times by the same person or different people becomes truth to dumb-mass peasant Americans.** Hitler used that precept and so does American Socialists to hide their crimes feeding our kids to wage these ongoing wars. Hitler said, ‘if you tell a lie tell the biggest one possible. Dumb masses will not notice...’ In America he was so right; the fat, numb and dumb sheeple peasants do not notice. For what? America has not had an enemy since Japan formally surrendered in early September 1945 aboard the battleship Missouri. In the decade post-9/11, the VA paid \$200 million to nearly 1,000 families in wrongful death cases. **They are the**

tip of the iceberg. Malpractice takes countless others. Included are Veteran and active duty suicides for denial of vitally needed physical and/or emotional care. *Wrongful diagnoses and botched surgeries are commonplace* by uncaring medical professionals in a system encouraging malpractice by devoting resources to war-making, not caring of its sick, wounded or dying. Malignant tumors are allowed to grow. *Over-dosing on dangerous drugs compensates for denial of proper treatment. Elderly Vets promised healthcare for life die from fatal neglect. How many others suffer out of sight and mind?* It bears repeating. ***America dishonors its war dead, sick, wounded, and dying.*** Paul Craig Roberts is right. Memorial Day [and Veterans Day are] is a cruel hoax – a national disgrace. It has been this way from inception since 1866 – more than ever today by far. Catastrophe occurs when too many people refuse to accept, that around us always are two universes at work. There is the cold, hard reality that underlies everything. And on the surface is a veil of deceit and compromise [bread, wine and circus fantasy]. The more humanity compromises vital truths in order to enjoy the comfort of illusions, the more mind-shattering it will be when those illusions fall away. These two worlds can coexist only for short periods, and they will *always* and eventually collide. There is no other possible outcome.
